EDUCATION

B. Tech in Computer Science & Engineering
Pacific School Of Engineering, Surat

Jul 2018 – Apr 2022

EMPLOYMENT

React.JS & React Native Developer
Bluesoft Infotech, Surat

Jan 2022 – Present

Starting my career as a React.JS developer, I gained my skills in creating responsive and dynamic applications. After six months, I shifted to the position of a React Native developer, collaborating with a senior developer to brainstorm and implement ideas and logical skills into hybrid app development.

SKILLS

React.JS

React Native

HTML/CSS

JavaScript

Material UI, Bootstrap

React Redux

Jest & Enzyme

LANGUAGES

Hindi, English

HOBBIES

WORKING EXPERIENCE (PROJECTS)

- **Bluesoft Admin Panel (website)**

This is a company-owned project where I'm in the frontend team and I work on some modules of the admin panel and the employee profile creation section.

- **ADDC (mobile app)**

This is a React Native project. I am in the front end team, and I work on some modules like the billing screen, write test cases, and fix bugs.

- **CargillAg (mobile app)**

This is a React Native project. I am in the front end team, and I worked on modules like the scale tickets screen, the contracts screen, and the offer screen, wrote test cases, and fixed bugs.

Roles and Responsibilities

1. Creative Responsive Design
2. Frontend API implementation
3. Create Design Using Figma
4. Write Test Cases Using JEST and Enzyme
5. Fixing bugs
